

# JGG-R Student Transportation Policy for School Bus Activity Transportation Rules

When it is necessary to provide transportation for students of the district to and from a school-sponsored activity, it will be the school's responsibility to make arrangements for the transportation of all participating students. When the school officials consider it desirable to use a school bus or buses, all participating students will ride in an assigned bus to and from the event.

However, when the parent request that their students return by means other than by bus, arrangements will be made as follows:

- a) Student will be released only to their parent(s) and /or guardian by reporting to the sponsor in charge: and/or released to other persons, if the parents have made personal contact with the Principal **before** the trip occurs, and Principal approves this agreement.
- b) This statement, must be signed by, the parent or guardian, who will assume complete responsibility for the student's return trip and **MUST CONTAIN THE SIGNATURE OF THE STUDENT'S ACTIVITY SPONSOR IN CHARGE**, indicating approval of the arrangement.
- c) The student must have this signed statement in the hands of the activity sponsor **PRIOR** to the event; or in the event of unforeseen circumstances the student and his parent(s) and/or guardian may personally appear at the activity, sign this statement, and hand it to the activity sponsor
